

Airport Handling Manual 29th Edition - Book – English – PCN: 9099-29 effective date: Jan. 1, 2009 until Dec. 31, 2009

Description:

The IATA Airport Handling Manual (AHM) has been developed to assist the industry in the provision of safe, effective and quality services at a lower cost. The AHM is a field-reference publication that contains recommended industry standards and procedures covering airside safety, load control, baggage, cargo and mail handling, aircraft movement control, aircraft loading, departure control systems, functional requirements for ground support equipment, an extensive listing of aircraft doors and ground servicing points by aircraft type, as well as the latest 2008 IATA Standard Ground Handling Agreement. The AHM is published annually in English only.
