

# SUPERPAKS

A convenient and cost-effective way to access the technical information you need across all our product offerings.

A subscription to SAE's SuperPaks allows you to customize your selection of Books, Journal Articles, Technical Papers, SAE EDGE™ Research Reports, and Standards. Our products offer the most current industry-related information and content, designed to keep you on the cutting edge. Our subscription model guarantees access to information that is relevant to you and your needs, as an individual or as an organization.

Search the entire SAE Mobilus® platform of:

**109,000+**

Full-text SAE technical papers

**45,000+**

Standards

**35+**

SAE EDGE™ Reports

**8,000+**

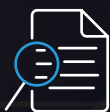

Journal articles

**350+**

Books

## SAE Mobilus Access Drives Efficiency

Searching for a specific technical resource? Find it by name in an instant. Looking to solve a problem, but not sure what exact resource you need? Filter the entire collection by topic, sector, date, and more.

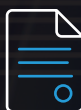

**Faster, more powerful search engine**  
to drive the results you need

**Customizable Dashboard**  
keeps pertinent materials accessible to users

**Quickly filter search results**  
by topic and publication date

**Full details page**  
to ensure you are getting the content you need
