JPAKS: COST-EFFECTIVE STANDARDS SUBSCRIPTIONS

As the ground vehicle industry continues its rapid evolution, subscribe to the SAE MOBILUS® technical resource platform, for reliable, instant access to the latest innovations, trends, and standards.

Since publishing its first automotive standard in 1912, SAE International has developed more vehicle standards than any other organization, becoming the ground vehicle industry's trusted source.

Rely on the SAE MOBILUS technical resource platform to help you find the solutions to your engineering challenges and set new ideas in motion.

THE FEATURES YOUR PEERS REQUESTED - AND THAT YOU DESERVE.

SAE MOBILUS ACCESS DRIVES EFFICIENCY

Searching for a specific standard? Find it by name in an instant. Looking to solve a problem, but not sure what exact resource you need? Filter the entire collection by topic, committee, date, and more.

Dynamic Standards Red-lining
eliminates manual version comparison

Customizable Dashboard
keeps pertinent materials accessible to users

Always Up to Date
Newest version always available

COUNTER 4 Reporting
enables informed subscription decisions

In-Platform Annotation
lets users share knowledge with colleagues

Design Your Ideal Subscription | With your choice of up to 10, 20, 35, 50, 75 or 100 downloads a year.
